Dear Parent(s)/Guardian(s),

We are excited to begin Year 2 of the Fairfield Union Local Schools 1:1 Chromebook Initiative.

Unlike last year, we will not have Chromebook distribution sessions. Parents will be able to complete all paperwork through the OneView Online Student Registration System. Please take the time to review all of the information in the 1:1 Chromebook Information link before completing the paperwork on the OneView system. Students will receive their Chromebooks during the first week of school as long as parents have completed the paperwork through OneView.

As was discussed during the parent meetings last year, our plan each year is purchase new Chromebooks for students in Grades 5 and 9. Students in Grades 6-8 and 10-12 will receive the same Chromebook that they used the previous year. As we analyzed data from last year, we noticed more damage and repairs coming from our 5<sup>th</sup> and 6<sup>th</sup> grades than the other classes. We are going to experiment this school year with adding cases to the Chromebooks for 5<sup>th</sup> and 6<sup>th</sup> grade. We strongly encourage parents to purchase the protection plan even though we have placed a case on the device because there are no guarantees that the addition of the case will prevent accidental damage. As a reminder, all damage that is deemed intentional is not covered under the protection plan.

If you have any questions, please contact either the HS Main Office at 740-536-7306 or RMS Main Office at 740-536-7249.

Thank you,  
Scott Philabaum  
Director of Educational Services
