

Camp Session	Description
Around the World Adventures 	Pack your bags for this world wide tour exploring the culture of distant lands. Learn about the customs and culture and how it shapes the way people think, what they eat (bugs anyone?) and how they travel. SOCIAL STUDIES
Art of Promotion 	Do you think you want to be your own boss? Proper promotion of you and your business are key elements for both. Learn the art of promotion using graphic design elements to create a logo and transfer to t-shirts, mugs, and business cards that you will take home. GRAPHIC DESIGN
Awesome Authors 	Wizards flying in rocket-ships. Llamas that can talk. Zombies chasing people. Princesses fighting ninjas. Let your imagination come alive through creative writing. Learn how to cultivate nifty characters and develop nonstop action. Read fairy tales and stories with heroes. Brainstorm the next great novel idea. You'll even write an episode for television! CREATIVE WRITING
Be a Safety Hero 	What do babysitters, lifeguards, and coaches have in common? Each must have training to learn how to recognize and respond to emergencies. You will learn about bleeding control, splinting, seizures, stroke, anaphylaxis and asthma, as well as rescue breathing and obstructed airway techniques. PRE-NURSING
Beauty Boot Camp 	If you love the beauty industry, this camp is for you! You will experience several introductions into many areas of the Cosmetology industry. These areas will include hair, nails, esthetics, styling, braiding, make-up and products. Sign up today! The Beauty Boot Camp will be a rewarding adventure. COSMETOLOGY
Big, Bang, Boom! 	Rockets, sling-shots and explosions in your hand! Explore chemistry, physics and biology in this engaging summer camp filled with demos, experiments and games! SCIENCE
Bones, Joints and Muscles, Oh My! 	Are you interested in learning more about a career in athletic training or physical therapy? Participants will learn about the prevention and treatment of injuries that occur in the bones, joints and muscles. Athletic attire, willingness to sweat and a desire to learn are all pre-requisites to this dynamic, hands-on session SPORTS MEDICINE

Camp Session	Description
Code Commandos 	Do you ever wonder what really happens behind the computer screen? Ever wonder who really rules the computer world? How does all that computer magic happen? Come be a Coding Commando and see how it feels to really create. PROGRAMMING & SOFTWARE DEVELOPMENT
DIY Builders 	Come ready to hammer and sand your own marshmallow launcher while learning the basics of using hand tools. Campers will create and assemble their own birdhouse and wood art to take home. Campers must wear closed-toe shoes. CONSTRUCTION
Doctor's Office 	Campers will experience life working in a doctor's office by managing a patient's file from check-in to check-out. During camp, students will make decisions involved in daily office operations through role-playing as patients and medical office staff. MEDICAL OFFICE
Feel the Force 	What is the connection between a water pistol and giant crane? Hydraulics! Attend this session and learn how hydraulics are used in modern equipment with precision, speed and power. Campers will get to explore the engineering behind hydraulics while building a hydraulic fighting robot. AG & HEAVY EQUIPMENT
Fur and Feathers 	Are you an animal lover? Do you dream of being a veterinarian or someday working with animals? If so, Fur and Feathers is for you! Learn small animal care basics of food, habitat, signs of illness and handling of small pets. Students will learn basic grooming techniques and make a suet and bird feeders for the wild birds as well as dog toys and treats. ANIMAL MANAGEMENT
If the Crown Fits 	Interested in becoming a dental professional? This camp will give you the opportunity to learn about dentistry and how you can make a difference in the lives of the dental patient. Come ready to work with dental materials and have fun creating a tooth model. If the crown fits...join the dental field! PRE-DENTAL
Iron Art 	Are you interested in designing and building with metal? Campers will learn to design and build cool art with metal. Take home iron art for your yard, room, or anywhere you choose! Campers must wear closed-toe shoes. WELDING

Camp Session	Description
Intro to Filmmaking 	<p>In this session, campers will learn some fundamentals of the filmmaking process and the strategies which go into planning a film. What cameras and gear are necessary to make a film? What are some editing techniques used by the pros? And finally, what resources can you use to keep learning on your own?</p> <p>MULTIMEDIA</p>
Law Leaders 	<p>Campers will gain insight into law enforcement careers, the criminal justice system, and explore various police officer duties.</p> <p>CRIMINAL JUSTICE</p>
Marketing Mayhem 	<p>Be in the marketing seat and develop a product and plan. Learn how to transform it from point A to point B. Campers will use the 4 P's (product, promotion, price and place) to develop a new product using materials from the "mystery box" while working together on the product promotion, price and place (logistics).</p> <p>MARKETING & LOGISTICS</p>
Math Magic 	<p>Want to learn Math-magic? Learn math tricks and tips that will impress and inspire your friends and teachers. Experience mathematics through engaging activities & games and discover the art of mathematical thinking. This session can help you strengthen your skills or help you unlock the mystery of math.</p> <p>MATHEMATICS</p>
Pharmacy Friends 	<p>Have you ever wondered what working in a pharmacy would be like? Join us as we mix, measure, and fill our way through prescriptions, medication safety, and compounding in a pharmacy setting.</p> <p>PHARMACY</p>
Take Flight 	<p>Have you ever envisioned yourself as a pilot of planes or drones? Try out your flying skills with our state of the art flight simulator and drones to see if you have what it takes to have a career in aviation.</p> <p>AVIATION</p>
The Growing World 	<p>In this session, you will learn various growing techniques that are changing the way we get our food. They include hydroponics, aquaponics, greenhouse and raised gardening. Additionally, you will examine seeds, plants, plant diseases and insects. Campers will take home supplies to grow their very own world of plants.</p> <p>MODERN CULTIVATION TECHNOLOGIES</p>
What's Cooking? 	<p>Discover the cooking secrets of chefs through hands-on instruction in cooking basics, kitchen safety and nutrition, while learning the art of making fresh, homemade pizza from scratch.</p> <p>CULINARY ARTS</p>
