**2022 -2023 COVID – 19 and Infectious Disease Protocol**

**Exposure of a Student or Staff Member to COVID**

\*These guidelines apply regardless of vaccination status or exposure location.

If no symptoms of COVID are present:

- The person may return to school, but will be required to wear a mask for 5 school days after the last day of exposure.
- The student may continue to participate in school, sports and extracurricular activities.

If the person has symptoms of COVID:

- The person must stay home until fever free for 24 hours (without the use of medicine) and other symptoms are improving.

**Procedures in the Case of a Positive COVID Test or Symptomatic for Infectious Disease**

The person should stay home until fever free for 24 hours without medicine\*, and all other symptoms are improving.

\*A negative test does not eliminate the requirement to be fever free for 24 hours without medicine.
